

WHAT'S NEW?

JANUARY
2025

Welcome to the new 2025 HPA newsletter for our customers and stakeholders

2025 has hit the ground running for HPA as we ramp up our secure paper shredding. I had the opportunity to spend time with our Ausdesign supported employees in the paper sorting work room. I was guided skilfully by the team with careful instructions on what went where. The team diligently sorts paper for shredding which is then on sold for further recycling – call 08-8932-5184

HPA Ausdesign new range of products have been a hit through our pop-up shops – we will keep you up to date on when and where these will be. If you would like to order any from the range please contact Tanya at Ausdesigns for a quote – we can design specifically for your business – 08-8932-5184

Through out our newsletter you will see pictures from our **shirt sublimation range**, from short sleeve to long sleeve and fishing dresses – give us a call for a quote and we will help take your concept into a design for your shirts.... Schools, business, sporting teams, events – we can help you and you will support employment for people with disability – call us now on 08-8947-0681

HPA continues to support the NT by providing employment opportunities for people with disability – buying from HPA supports local, local employment and disability employment

Stephanie Ransome
CEO (Acting) | General Manager Operations

OUR FIRST POP-UP SHOPS

Innovations: The story behind the scenes

Over the past few months we have been working on new ideas for simple, creative products that use some of the materials we have plenty of at Ausdesigns: scrap cards, fabric offcuts and enthusiasm!

In small teams we have workshopped different techniques and materials and come up with new products we are very proud of.

We are extending our design base to include patterns that we select from donated fabric, and we like to get creative with fun and quirky patterns.

Thank you to all the organisations who made our first Pop-Up Shop such a success, including the wonderful team at Bunnings Palmerston.

Thanks also to Ms Natalie LaPira, who arranged for our second Pop-Up Shop at Palmerston Shopping Centre on Dec 19. We had a great time, met many lovely people and a lot of gorgeous dogs!

We are grateful for the amazing support of our community at our Pop-Up events.

Brendan

Earrings Creation

Each pair has been worked on by a variety of our Innovations team: from designing, preparing the base, trimming to shape, sealing, hole-punching, assembling fixtures, checking, tweaking and packaging.

We have been very fortunate to have been mentored by Deb at Sands of Time Designs, who has been generous with advice and ideas. She hand-makes the connector component of our earrings, so that the 'dangly bit' does indeed dangle, at just the right length! With durable stainless-steel ear wires (the part that everything dangles from) and unique fabric-based designs, our earrings are very Top End.

Earrings make a fun and interesting addition to HPA Conference Bags... **The creative team is currently making some new ones... some are ready to purchase!**

Sprinkler Stands

Small 600mm

Medium 1,000mm

Large 1,500mm

Elevate your chosen sprinkler head to 600mm off the ground to increase ground coverage and efficiency. This sprinkler stand can be used in a domestic or commercial application using normal town water and garden hose.

This product is constructed using galvanised steel 20nb pipe for longevity and durability with a threaded entry and exit point for the water so you can choose the fittings and sprinkler head that suits your needs.

* Durable * Long lasting * High flow * Large area coverage * Can water over small shrubs
